

JOB DESCRIPTION

Job Title: Senior Mining Officer
Designation: Professional 3
Position No: 18184
Work Unit: Mining Compliance Division, Darwin
Responsible to: Mining Team Leader

DoR Corporate Values

- Responsible and professional
- Recognise and celebrate success
- Results through innovation, initiative and teamwork
- Respectful and culturally sensitive

Primary Objective

To play a key role in the environmental regulation of the mining industry and to evaluate mining industry planning and management reports required under the *Mining Management Act*.

Key Responsibilities

1. Assess the performance of NT mines in relation to environmental management.
2. Promote quality management principles within the industry and the Mining Performance Group.
3. Undertake inspections and audits of operating mining and exploration sites.
4. Undertake the evaluation and management of security bonds.
5. Comment on, and coordinate responses to, mining industry plans and reports.
6. Implement the *Mining Management Act* on mining and exploration sites.
7. Other tasks as required by the Mining Team Leader or the Director.

Selection criteria

Essential

1. Tertiary qualification in Engineering, Environmental Science or a related discipline.
2. Demonstrated experience in environmental management relevant to mining.
3. Demonstrated experience in the evaluation of management plans and systems.
4. Ability to work effectively as part of a team and to provide guidance and mentoring to other staff.
5. Demonstrated strong written and oral communication skills.
6. Willingness to work unsupervised in remote locations and ability to make independent decisions.
7. A Northern Territory driver's licence suitable to operate a manual vehicle, or ability to obtain one.
8. Ability to interact effectively with people of different cultures.

Desirable

1. Knowledge of best practice in environmental management and major issues confronting the mining industry.
2. Post-graduate qualifications in a relevant field.

Further information
